

This file contains a blank for each word of each verse except for the most frequently used words. The length of the blanks is intended to supply enough space to write the missing words. This enables many students who have mastered reciting verses using first letters to continue their memorization process by checking their ability to write the verses with fewer hints.

Este archivo contiene un espacio en blanco para cada palabra de cada versículo, excepto para las palabras más utilizadas. La longitud de los espacios en blanco tiene como objetivo proporcionar suficiente espacio para escribir las palabras que faltan. Esto permite que muchos estudiantes que han dominado la recitación de versículos utilizando las primeras letras continúen su proceso de memorización al comprobar su capacidad para escribir los versículos con menos pistas.

Ce fichier contient un espace pour chaque mot de chaque verset, à l'exception des mots les plus fréquemment utilisés. La longueur des espaces est destinée à fournir suffisamment d'espace pour écrire les mots manquants. Cela permet à de nombreux étudiants qui maîtrisent la récitation de versets en utilisant les premières lettres de poursuivre leur processus de mémorisation en vérifiant leur capacité à écrire les versets avec moins d'indices.
